Re: Request for Certificate of Correction
United States Patent No. 7,389,893
Issue Date: June 24, 2008
Title: INVERTED DISPENSING PUMP
Inventor(s): Kasting
Our Ref.: 001104-000767

Dear Sir:

A Certificate of Correction of the above-identified patent is respectfully requested to correct certain errors which appear in the patent as issued.

The exact location where the errors occur and the necessary corrections are indicated on the attached form, which form as prepared is suitable for printing. The errors as set out on the attached form were made on the part of the Patent Office and therefore no fee is required.

The cited reference "2007/0215165" appears to be a typographical error, as reference "2007/0215643" was cited in an Information Disclosure Statement by the Applicant which was signed off by the Examiner and returned with the April 22, 2008 Notice of Allowance.

In the December 15, 2005 Office Action, the Examiner on pages 3 and 4 cited a Maerte et al. reference but did not provide the specific patent number either within the Office Action or on a PTO-892 form. On page 8 of the June 15, 2006 Response to Office Action, as noted, the Applicant's representative contacted the Examiner. The Examiner indicated the reference was either U.S. Patent No. 4,776,498 or U.S. Patent No. 4,958,752. Therefore, it is believed that the addition of these two patent numbers is proper and occurred on the part of the Patent Office. If it is determined that additional fees are required in order to complete the Certificate of Correction, please charge such fees to Deposit Account No. 23-3030.
